

TENTATIVE ANSWER SHEET
 STRUCTURAL BASIS OF MEDICAL PRACTICE
 BLOCK EXAM #4
 September 22, 2005

- | | |
|---|--|
| 1. <u>Iliolumbar ligament</u> | 26. <u>Teniae coli</u> |
| 2. <u>Pectineal ligament</u> | 27. <u>Right gastric artery</u> |
| 3. <u>Lumbosacral trunk</u> | 28. <u>Pampiniform plexus</u> |
| 4. <u>Tunica albuginea</u> | 29. <u>Hepatic vein</u> |
| 5. <u>Arcus tendineus</u> | 30. <u>Right triangular ligament</u> |
| 6. <u>Central vein</u> | 31. <u>Inferior phrenic artery</u> |
| 7. <u>Deep circumflex iliac</u> | 32. <u>Plicae circulares</u> |
| 8. <u>Perineal Membrane/Inf. Fascia U.G. Dia.</u> | 33. <u>Cremaster muscle/fascia</u> |
| 9. <u>Major calyx</u> | 34. <u>Transverse rectal fold</u> |
| 10. <u>Detrusor muscle</u> | 35. <u>Internal pudendal artery</u> |
| 11. <u>Right crus</u> | 36. <u>Perineal body/Central tendon</u> |
| 12. <u>Renal fascia</u> | 37. <u>Greater duodenal papilla</u> |
| 13. <u>Renal pyramid</u> | 38. <u>Lumbar splanchnics</u> <i>N.</i> |
| 14. <u>Sympathetic trunk</u> | 39. <u>Pelvic splanchnics</u> <i>N.</i> |
| 15. <u>Pubococcygeus (1 pt levator ani)</u> | 40. <u>Dorsal nerve</u> |
| 16. <u>Ovarian ligament</u> | 41. <u>Puboprostatic ligament</u> |
| 17. <u>Anal column</u> | 42. <u>Seminal vesicle</u> |
| 18. <u>Rami communicans</u> | 43. <u>Ileocolic artery</u> |
| 19. <u>Posterior fornix</u> | 44. <u>Femoral nerve</u> |
| 20. <u>Obturator artery</u> | 45. <u>Gastroduodenal artery</u> |
| 21. <u>Medial arcuate ligament (lumbocostal arch)</u> | 46. <u>Rugae/Longitudinal fold</u> |
| 22. <u>Suspensory ligament</u> | 47. <u>Marginal artery</u> |
| 23. <u>Sacral plexus</u> | 48. <u>Vasa recta</u> |
| 24. <u>Interureteric fold</u> | 49. <u>A) Rectus abdominis B) Uterus</u> |
| 25. <u>Mesosalpinx</u> | 50. <u>A) Portal vein B) Pancreas</u> |
